

**"STRAIGHT TALK"  
ABOUT  
GEARING UP.**

**DALTON**<sup>®</sup>  
gear company

## Welcome to Dalton Gear.

Over 60 years of consistent growth due to our On-Time Deliveries, Quality Product and Superb Service. Dalton's excellence is a blend of advanced technology, new equipment, well maintained machinery and most of all, Individual Craftsmanship. Our main strength is our Employees. Each considers your project to be *job one*.

Today, we remain a *complete manufacturer* of Gears and Sprockets of all kinds, as well as our Overload Safety Devices (OSD) and Tensioners.

Our commitment to *Quick and Reliable* delivery to our customers has never changed, no matter how large or small the order is.

We truly value our relationship with our Customers and we will help in any way we can with your questions, specifications and requirements.

Very sincerely,

Tim Wood  
President and CEO  
Dalton Gear Company

**IN CHOOSING  
QUALITY GEARS  
YOU HAVE TO  
START HERE.**

A close-up photograph of a person's hands, wearing a blue denim shirt, working on a gear assembly. The person is using a small tool to inspect or adjust a small, cylindrical gear component. The background is filled with large, metallic gears of various sizes, some in sharp focus and others blurred, creating a sense of depth and mechanical complexity. The lighting is dramatic, highlighting the textures and metallic surfaces of the gears.
